

“

Once considered a “specialty” camera, panoramic cameras offer cost efficiencies that make them suitable for situational awareness in mid to large scale surveillance applications. With 4K 180° multi-sensor and fisheye panorama options, the Dahua HDCVI 4K panoramic camera series provides a highly-detailed surveillance overview over coax with less hardware, saving you money.

”

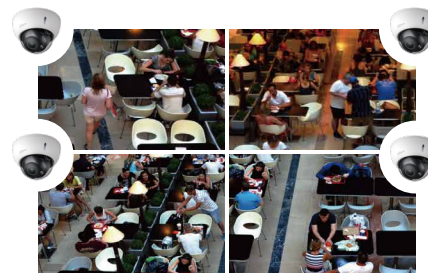

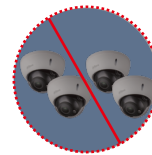

For the Wider World  
HDCVI 4K Panoramic Technology

**Seamless Splicing and E-PTZ Function**

Dahua multi-sensor camera outputs a 180° full field of vision with crystal clear image. Electronic cruise functionality, a.k.a. E-PTZ, allows for the detection and tracking of moving objects in critical areas.

**Fisheye Panorama**

4K fisheye panoramic camera provides a full overview in ultra-HD.

**Camera Lens Distortion Correction**

The fisheye is equipped with on-device image correction, which outputs a distortion-free 16:9 full screen image.

**HDCVI 4.0 4K**

**HAC-PFW3601-A180**

- 180° panoramic stitching view
- 1 Pano+3 individual simultaneous video outputs
- Supports auto electronic cruise, a.k.a. E-PTZ function
- 4K&4MP HDCVI panorama output optional
- HDCVI 4K starlight technology
- Max IR distance 20m, Smart IR
- Audio/Alarm I/O
- IP67/IK10

**HDCVI 4.0 4K**

**HAC-EBW3802**

- 1/2" 8MP CMOS sensor
- Up to 95% pixel utilization
- 10+ Dewarping modes with HCVR recorder
- Max IR distance 15m
- Audio/Alarm I/O
- IP67, IK10
